

# ENGINEERING FOR KIDS: Junior LEGO® Adventures

---

## 4-6 yrs / 1 wk start dates below/ \$195

Using the models built from LEGO® to dramatize events, this camp focuses on language. In Airplane Rescue students learn the importance of interview questions (who, what, when, where, why) while verbally reporting in a group setting, a story about the airplane ride. Students act out the dialogue of role playing, and learn how to verbally describe a sequence of events during a thunderstorm at sea. Each project is taught step-by-step with the assistance of instructors. Register for *Junior LEGO®*, *Wild Animals* ([RP1762.401](#)) or ([RP1762.402](#)) to make a full day and receive a 10% discount. Call for aftercare options. Registration: 410-313-7275.
